

We are deeply appreciative of your support and generosity.

The Y touches the lives of more than 200,000 people each year throughout the region, including over 80,000 children and young people. Too many of these youth lack the resources and family support to achieve at the same academic, social and health levels as their peers. Y programs play a significant role in closing these gaps and enabling these beautiful, promising young people to realize their fullest potential.

Thank you for investing in the children and families of our community!
With your support, we were able to raise a record \$1.5 million to help
Give Every Child a Chance.

On behalf of the children and families we serve, we say thank you!

Sincerely,
